October 2, 2017

To All Adsuar Muñoz Goyco Seda & Pérez-Ochoa, PSC (“AMG”) clients and friends:

As you know, Puerto Rico is presently dealing with the effects of not one but two of the most powerful hurricanes in history. Hurricane María in particular has caused catastrophic damages across Puerto Rico. Our office and personnel were not immune from the devastation, although we were fortunate enough to have been spared irreparable damage or loss of life. We have been moved by the heartfelt expressions of concern and support that we have received out of the mainland and from abroad, from clients and colleagues alike.

In the aftermath of this disaster, AMG wishes to inform you that the damages caused by Hurricane María to our offices on the 16th Floor of Popular Center in Hato Rey have been substantially mitigated. The building is no longer depending on power generators, as the local utility company has just restored electrical power to this area. Additionally, our email server is fully functional. We would ask you, however, to please re-send any email sent on or after September 19, 2017, in order to make sure that such communication is received.

The restoration of these two critical services has allowed us to resume operations. Please be advised that our direct telephone lines (numbers 787-281-1800 through 787-281-1929 and 787-281-1950 through 787-281-1968) are not currently receiving incoming calls. However, we can be reached through our main telephone switchboard number 787-756-9000, or via email.

Mobile communications continue at about 15% of regular capacity. Therefore, cell phone service in Puerto Rico is still spotty and limited to some areas, but you can try to reach us that way as well.

At these trying times, we are especially grateful for the trust you have placed on us over the years and look forward to continuing to serve your legal needs in our beloved Island.

Sincerely,

The attorneys and staff of AMG
